

REPORT TO SUPPORTERS

It is with our deepest gratitude that we send this email to you as a supporter of the Taylor Toller Memorial Fund. We are pleased to inform you that the Fund is now at \$19,640.00! This is only \$360 short of our ambitious goal of \$20,000.

We want you to be aware of the significant impact of your tax-deductible donations.

One hundred percent of the money contributed goes directly into the fund. That money is invested by the Calgary Foundation, who have been supporting the charitable sector in Calgary and area since 1955 by building a permanent endowment to address the current and future needs of people in our community. Each year a percentage of the Fund's market value (currently 4%) are distributed to charities. Our family can recommend where the Calgary Foundation grants the Funds, and we have chosen to focus on charities supporting family violence and addictions where it can have the greatest influence. There is a 1.25 percent cost recovery fee applied annually to the Fund.

This means that the Taylor Toller Memorial Fund has the potential to grant more than \$200,000* and would continue to grow and support the charitable organizations working in the important areas of domestic violence and addictions, in perpetuity.

*based on the Fund's current value and estimated rate of return over a 99 year period. For more details, visit <https://calgaryfoundation.org/giving/donor-toolkit/endowment-calculator/>

As professional fundraisers, and as Taylor's parents , we aspire to inform and educate our ourselves about the needs in the community, and should you continue to stay opted-in for future communications, we are happy to send annual updates and further information on the charities that receive grants from the Fund. The first grant(s) will be distributed next year on Taylor's birthday, Feb 22.

Once again, on behalf of Taylor, the Toller/French family and all the charities who will benefit...
THANK YOU!

Sincere regards,

Joanne Toller
