

2022 REPORT TO SUPPORTERS

March 15, 2022

Dear Supporters,

We are pleased to inform you that this year our family has chosen to recommend the \$1,111.00 granting balance from the Taylor Toller Memorial Fund to go to **Wheatland Crisis Society**. Wheatland's mandate is to provide safety, shelter, food, clothing, crisis counseling, referral, and advocacy for those impacted by family abuse or in crisis.

We chose Wheatland Crisis Society because they take great pride in their inclusive practices. Since opening in 1992 they have remained committed to helping **everyone** who has experienced family abuse. They are one of the few shelters that welcome all individuals experiencing abuse regardless of gender identity or gender expression. **This includes, but is not limited to, individuals who identify as male, gender fluid, non-binary or female.**

As you are aware, the Fund was started by our family in memory of Taylor, who passed away suddenly and tragically due to domestic violence on July 26, 2018. It is a Donor Advised Permanent Endowment Fund at the Calgary Foundation and every year, on Taylor's birthday, a percentage of the market value of the Fund is granted for a charitable purpose on our recommendation, prioritizing the fields of Family Violence and Addictions.

We are also pleased to inform you that the market value of the fund is now \$ 29,981.31. This means that your initial gift is continuing to support worthy charities in perpetuity!

We thank you once again for your past donation. Our prayers remain with the Pennylegions, Boshucks, and in the spirit of healing, even Dustin.

Sincere regards,

Joanne Toller
